

## K-RANGE 24<sup>®</sup> Tunable White 24V LED Tape Light

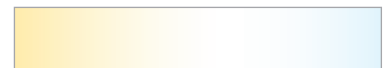

K-RANGE 24 Tunable White LED Tape Light allows you to smoothly transition from warm white light to cool white light, and every color temperature in between. Set K-RANGE 24 in the cool white range at 100% for task light, or adjust the color temperature to a warm white and dim it down for ambient light, all from a single tape light and tunable white-light controller. K-RANGE 24 is ideal for retail displays that rotate merchandise in different colors, as well as residential and commercial applications where adjusting the color temperature from task to general/ambient lighting is needed.

### Features & Benefits

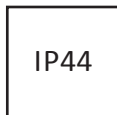

- **Form factor** – low-profile tape that fits into narrow spaces
