¹WARNING: NOT FOR USE IN SUBMERSIBLE APPLICATIONS

### FEATURES
- 95+ CRI
- High R9 (95) & R13 (100) values
- Ultra high lumen output

### MECHANICAL DIAGRAM

- 3 ft. (914mm) 20/2 AWG UL 2464 Wire
- Ø .19 in. (5mm)
- Cut Point: 1.32 in.
VALENT® X WET LOCATION - 24V LED Strip Light

CUSTOM LENGTH TAPE

Example: DI-24V-VLX5-30-W016 = Diode LED, 24 Volt, VALENT® X, 3,000° CCT, Wet Location, 16.4 foot spool.

NOTE: All custom cut Tape Lights include 96” lead wires.

VALENT™ X WET LOCATION MOUNTING CLIP
10 Pack: 10 Clips & 20 Screws
DI-WLMC-12MM

1. Lumen value measured in accordance to IES LM-80-08. LED chips have a luminous flux range with a tolerance of +/- 5%.
2. Each maximum run requires a dedicated power feed from the driver. Do not extend beyond the recommended maximum run length. Max run may exceed Class 2 limit. Actual wattage may differ from calculated wattage due to voltage drop across run.
3. Actual efficacy value is dependent to specified LED driver (power supply). An estimated efficacy value can be calculated as follows: Lumen value divided by average power consumption per foot.
4. Do not install product in an environment outside the listed ambient temperature. Exceeding the maximum ambient temperature may damage LED chips, reduce the total lamp life, lumen output, and/or adversely impact color consistency.
5. Operating temperature is measured according to the minimum and maximum ambient temperature environment.
COMPATIBLE PRODUCTS
The following Listed LED Drivers are recommended for compatibility and to meet NEC code when installed according to specifications. For additional LED Driver options see Diode LED's product page at: https://www.diodeled.com/products/led-power-supplies.html

STAND ALONE
SWITCHEX® DRIVER + DIMMER SWITCH
SWITCHEX combines an LED driver and LED dimmer switch into a single integrated unit. Fits into standard switch boxes.

ON/OFF, DMX, & PWM CONTROL
LO-PRO® JUNCTION BOX & DRIVER COMBO - 24V CONSTANT VOLTAGE LED DRIVER
Use Constant Voltage Drivers to power your lighting system. Compatible with Standard 120VAC On/Off Switches, REIGN® Low Voltage Dimmers, TOUCHDIAL™ Control System, DMX Decoders, and PWM Controls.
COMPATIBLE PRODUCTS

The following Listed LED Drivers are recommended for compatibility and to meet NEC code when installed according to specifications. For additional LED Driver options see Diode LED’s product page at: https://www.diodeled.com/products/led-power-supplies.html

0-10V

LO-PRO® JUNCTION BOX & DRIVER COMBO - 24V COMMERCIAL GRADE 0-10V LED DIMMABLE DRIVER

Compatible with 0-10V controls and dimming systems.

VALENT® X WET LOCATION - 24V LED Strip Light

SPECIFICATION SHEET

SPECIFICATIONS

• Input: 24VDC Constant Voltage
• LED Chip Type: 2835 GuangMu
• LED Chip Beam Angle: 120°
• Luminous Efficacy (lm/w): 95 - 107
• Mounting: 3M mounting tape on back of tape.
• Connections: 36" female DC lead, and 36" bare lead: 20/2 AWG
• Ambient Temp: -4 - 122°F (-20 ~ 50°C)
• Operating Temp: -4 - 176°F (-20 ~ 80°C)
• UV Resistance: None

COMPLIANCE & REGULATORY APPROVALS

Safety

• UL Listed 2108 Flexible Lighting Systems. Certified for United States and Canada. File # E469769.

Performance

• Can be used to comply with TITLE 24 Part 6 High efficacy LED requirements - JA8-2016-E
• LED chip data measured in accordance to IES LM-80-08.
• Photometric & Colorimetry data measured in accordance to IES LM-79-08, in Elemental LED's Innovation Lab.

SPECIFYING?

ADDITIONAL INFORMATION

• VALENT® X 24V LED STRIP LIGHT Installation Guide

SAFETY / WARNINGS / DISCLOSURES

1. Install in accordance with national and local electrical code regulations.
2. This product is intended to be installed and serviced by a qualified, licensed electrician.
3. Only install with a listed Class 2 DC Constant Voltage LED Driver.
4. Not for use in or on walls of pools, fountains, or other partially or fully submersed locations.
5. Do not modify or disassemble product beyond instructions or this warranty will be void.
6. Actual color may vary from what is pictured above and on other print materials due to the limitations of photographic processes.
7. We reserve the right to modify and improve the design of our fixtures without prior notice. We cannot guarantee to match existing installed fixtures for subsequent orders or replacements in regards to product appearance, CCT, or lumen output.

WARRANTY

Limited Warranty
This product has a twelve (12) year limited warranty from the date of shipment. This warranty does not include the additional accessories referenced in this specification sheet. Complete warranty details for fixtures and additional accessories are available at www.diodeled.com/limited-warranty/ within the Policies section. For warranty related questions please contact product support.

Consumer’s Acknowledgment
Elemental LED, Inc. stands behind its products when they are used properly and according to our specifications. By purchasing our products, the purchaser agrees and acknowledges that lighting design, configuration and installation is a complex process, wherein seemingly minor factors or changes in layout and infield adjustments can have a significant impact on an entire system. Choosing the correct components is essential. Elemental LED is able to work with the original purchaser to make an appropriate product selection to the extent of the limited information that the customer can provide, but it is virtually impossible for Elemental LED to design a system that foresees every unknown factor. For this reason, this Warranty does not cover problems caused by improper design, configuration or installation issues. Any statement from an Elemental LED employee or agent regarding a customer’s bill of goods and/or purchase order is NOT an acknowledgment that the products purchased are designed and configured correctly. The purchaser agrees and acknowledges that it is the customer’s responsibility to adhere strictly to all information contained in the Product Specification Sheets.

There is often more than one way to design, configure and layout an LED lighting application properly to achieve the same lighting effect. Elemental LED strongly recommends that licensed professionals be used in the design and installation of lighting systems that include Elemental LED products. The specifications include important information that a designer and installer should carefully review and strictly follow. Qualified designers and certified and/or licensed installers, with access to the final installation environment, customer goals, and Elemental LED product specifications can make the requisite decisions appropriate for a successful finished lighting application.
